Welcome to the Hearing Center

At the Watson Clinic Hearing Center located in the Bella Vista Building, we offer a comprehensive range of hearing-related services, including state-of-the-art hearing aids and assistive technology.

Our Services

- Comprehensive audiological evaluations for all ages.
- State-of-the-art digital hearing aids, including open fittings, tinnitus maskers, directional technology, automatic sound processing, noise management and wireless connectivity.
- Repairs on many makes and models, including in-office repairs and modifications.
- Hearing aid batteries and supplies.
- Assistive listening devices, including FM technology and loop systems.
- Custom ear plugs for water and noise protection, including musician's plugs; custom molds for telecommunications and law enforcement.
- Community presentations and in-services available.

Hearing Evaluations Backed by Experience

Comprehensive hearing evaluations at the Hearing Center are performed by our highly qualified audiologists. Our audiologists hold Doctorate degrees in audiology and have over 40 years experience in the profession. Our audiologists evaluate and assess the nature and degree of your hearing loss. If your condition requires medical attention, the board certified otolaryngologists (ENT physicians) in our office are available to see you by appointment.

Community Programs and Services

The Hearing Center offers educational programs throughout the communities we serve.

Members of our professional staff provide complimentary lectures and educational programs upon request. We welcome the opportunity to meet and discuss hearing issues with your local group or organization.

A Broad Selection of Hearing Aids

At the Hearing Center, we recognize that no two hearing problems are the same. Therefore, we offer a full line of digital hearing aids and assistive listening technologies. Our goal is to help patients select the amplification systems most appropriate for their needs. Our audiologists work with each patient to ensure proper fit and maximum benefit.

Our Commitment to Patient Satisfaction

We are strongly committed to patient satisfaction. To demonstrate this commitment, we offer a full 30-day trial period on all hearing aids, exclusive of professional fitting fees. Our audiologists will discuss this guarantee with you at the time of your purchase. For your convenience, we also have financing options available.

Call 863-680-7486 for an appointment today.
