What's Hotⁱⁿ Laser Therapy?

Want to find a nonsurgical solution for intimate feminine challenges, such as mild stress incontinence, vaginal dryness or something to improve vaginal tightness? How about improvement for that sagging skin and diminishing those fine lines and wrinkles? **D. J. Alleva Nelson, ARNP-C** can show you how.

A certified nurse practitioner who works alongside Plastic & Reconstructive Surgeon **Dr. Faeza Kazmier** at the **Watson Clinic Women's Center**, D. J. invites you to join her during an upcoming special event as she discusses the latest laser therapy options, including:

diVa Vaginal Therapy®

An FDA approved in-office treatment that improves vaginal health and functionality, promotes healthy tissue growth and restores youthful appearance to the female genital region.

SkinTyte™

This effective light therapy treatment softens fine lines and wrinkles, reduces loose skin and enhances texture, elasticity and smoothness.

This exciting event will feature before & after photos and a question & answer session.
