

PRECISE Skin Cancer Removal

THERESA CAO, DO
DERMATOLOGY / MOHS
MICROGRAPHIC SURGERY

Board-certified dermatologist and fellowship-trained Mohs Micrographic Surgeon Dr. Theresa Cao provides expert skin care services from the Watson Clinic Bella Vista Building in Lakeland.

She specializes in **Mohs Micrographic Surgery**, a procedure that entails the **precise removal of carcinomas and other skin cancers**. This approach results in a **higher cure rate**, and **complete excision of the skin cancer while preserving surrounding healthy tissue**. An on-site pathology lab ensures fast and informative test results.
