Ailments of the hand, wrist, elbow and forearm can be enormously debilitating. Thankfully, Watson Clinic offers the services of expert hand surgeon Dr. Ann Licht. Utilizing the latest in nonsurgical and minimally invasive surgical techniques including in-office procedures with local anesthesia, Dr. Licht works to diagnose and treat a wide range of impairments including:

- Injuries and abnormalities
- Arthritis and arthritis-related deformities including joint replacements
- Carpal tunnel syndrome
- Removals of cysts, skin cancers, masses and tumors
- Fractures, strains and lacerations
- Nerve, tendon and artery repairs
- Pediatric and adult congenital/genetic hand conditions
- Nonsurgical treatment for Dupuytren’s contracture

Call 863-680-7214 for more information and to schedule an appointment. www.WatsonClinic.com/HandSurgery
Whether your condition is related to athletic pursuits, workplace injury or everyday activities, Dr. Licht can ensure a swift recovery, relief from chronic pain, restored functionality and productivity.
