

WATSON CLINIC
Dermatology

Department of
Dermatology

Physician &
Provider
Information

Watson Clinic sets the standard for exceptional skincare in every community we serve. Welcoming well over 75,000 patient visits per year, our dermatology team counsels patients from convenient locations in north and south Lakeland, Sun City Center and Zephyrhills.

Utilizing the latest technologies and treatments in the field, our specialists provide a roster of diverse services designed to improve the health of your skin, including general evaluations, diagnosis and treatment of all forms of skin cancer, skin disorders, hair and nail diseases, dermatologic surgery, chemical peels, microdermabrasions, and facial fillers.

When diagnosis of a skin condition cannot be adequately attained through visual examination alone, a skin biopsy is sent to one of Watson Clinic's dermatopathologists who study the tissue on a cellular level to offer the most accurate diagnosis possible.

In addition, Mohs Micrographic Surgery is available for the precise removal of certain carcinomas in patients at high risk for reoccurrence. The procedure boasts a high cure rate and maximum tissue conservation.

To learn more about any of our Dermatology physicians and providers, and the services they offer, visit www.WatsonClinic.com/Dermatology.
