

WATSON CLINIC

EXPERT *Care* FOR THE EAR, NOSE & THROAT

The ear, nose and throat are complex structures. The ability to treat conditions that afflict them requires a wealth of special training and expertise.

Dr. Roland Z. Gerencer possesses many years of experience helping patients overcome a diverse range of common ailments. Prior to joining Watson Clinic, he was in practice for over 25 years in Albuquerque, New Mexico, where he treated patients for chronic sinusitis, sleep apnea, allergies, difficulty swallowing, persistent ear infections and much more.

His clinical and research interests encompass nasal polyps, treating patients with previous sinus surgeries, use of implants in rhinology, and surgical options for sleep apnea (including the Inspire® implant).

Dr. Gerencer treats patients from
two convenient locations:

Watson Clinic Bartow Building A

2250 Osprey Blvd., Suite 100
