

WATSON CLINIC

Comforting, Compassionate Surgical **Breast** Oncology Services

JOSEPHINE SHINN, MD

The journey that follows a breast cancer diagnosis can be marked by fear and uncertainty among patients and their family members. Calling upon many years of experience in the field of breast surgery, **Dr. Josephine Shinn** cherishes her role as a trusted and calming guide through every step of this journey, offering expert monitoring, diagnosis, nonsurgical treatments and minimally invasive surgical services.

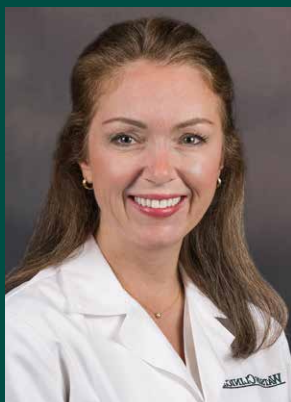

Dr. Shinn's areas of expertise include:

- Personalized breast cancer care
- Breast-conserving surgery
- Minimally invasive biopsy techniques
- Breast cancer survivorship
- Nipple sparing mastectomy
- Oncoplastic breast surgery/hidden scar
- Benign breast disease
- High risk breast lesions
- Patients at a high risk or elevated lifetime risk for breast cancer

Appointments with Dr. Shinn may be scheduled by calling **863-680-7486** or by visiting **WatsonClinic.com/Shinn**.
