Immediate Appointment Availability

Establishing your own primary care physician is one of the most important steps you can take to ensure a lifetime of good health.

They're your closest healthcare ally through every stage of your life. A primary care physician is highly trained and qualified to treat most ailments you're likely to experience in your lifetime. Most of all, they can help you avoid chronic conditions before they develop.

Their all-encompassing list of services include:

- *Routine check-ups*
- *Sick care*
- *Preventive screenings*
- *Chronic care management*
- *Keeping you on track with your wellness goals*
- *Easy referrals to additional specialists*

Dr. Kristina Hair provides these services and much more from **Watson Clinic Bartow Building A**. She currently offers open appointment availability, so you can receive the care you need on your schedule.
